

# Methodist University: Environmental Safety And Health: Oct 2009

## NCICU: Environmental Management Systems

The second in a series of 4 training seminars on Environmental Management Systems, was held at Mu on Sept 29, 2009

> Briefly highlight your point of interest here.

### Environmental Management Systems:

In order to stay compliant with all applicable, federal, state and local laws and regulations, Methodist University is putting in place an Environmental Management System. This system will cover all aspects of MU.

Available on the MU website, are the following documents:

1. Bloodborne Pathogens Plan
2. Chemical Hygiene Plan
3. Chemical Inventory
4. Environmental Policy
5. MSDS Database
6. Hazardous Waste Policy
7. Pollution Prevention Plan
8. Spill Containment and Countermeasures Plan

### Environmental Compliance Team Members:

1. Carla Raineri Padilla, EH&S Officer
2. Cu Phung, Deputy EH&S Officer
3. Jerry Moser, Deputy EH&S Officer
4. Amanda Briggs, Deputy EH&S Officer
5. Taylor Blackley, Deputy EH&S Officer

### Chemical Inventories:

All Chemical Inventories are due from all departments/areas with updates on the web by Dec. 15, 2009. This is imperative to stay in compliance.

### For More Information Contact:

Carla Raineri Padilla
