Abstract Information for Format 1: Paper/Research Presentation or Performance

Length: 15 minutes and 5 additional minutes for questions (if accepted, **please time your presentation out loud before the symposium**).

This session should highlight student research or a creative project.

As appropriate to the discipline, written proposals/abstracts should:

- state the hypothesis/thesis/problem/topic/argument that your research has addressed;
- describe briefly the methodology and the parameters of the study;
- provide implications of the findings and/or practical applications;
- include research resulting in a presentation or performance.

Abstract information for Format 2: Poster or Exhibit Session

This session provides an opportunity for you to share your work and initiate conversations.

Each poster must be vertical in orientation (portrait, not landscape), and must be exactly 18 inches by 36 inches (18”x 36”) in terms of its dimension. The posters may display text, charts, diagrams, pictures, and/or graphs that depict program components, findings, samples of student work, participant testimony, and so forth. All posters will be printed at Monarch Press. A guide for developing symposium posters can be found on the CRC website: <https://www.methodist.edu/research/guides/>

As appropriate to the discipline, poster session written proposals/abstracts should:

- state the problem or issue that your poster display will address;
- indicate how your work has or will effectively address the issue;
- indicate how the data or information will be useful;
- include student conclusions/perspectives where relevant.

Students displaying an exhibit (e.g., art work or sculpture) should include a brief description of the following:

- Medium and materials used;
- Inspiration for the work;
- Meaning or theme behind the piece.
