

Redesigning the Football Facility Lobby

Macie Szalach, Kenneth Charles, Ezekiel Amissah
Advisor: Dr. Denise H. Bauer

Problem:

The football field house lobby does not possess efficient utilization of space or meet the needs of the team, which leads to a lack of use.

Customer Desires:

- Multiple TVs
- Game systems
- Couch/tables
- Welcoming environment
- Stated size to be an issue
- Ability to be somewhere players enjoy and is able to be used for necessary meetings
- Entertainment/lounge area
- Place to do homework and "hangout"

Initial Solutions:

- Add couch
- Rearrange furniture
- Add game system/music speaker
- Fridge/Vending machine
- Expand Building
- Create film room
- Separate building

Final Design A:

- Rearrange current furniture to maximize space/purchase additional furniture to provide more seating

Final Design B:

- Push "The Monarch Way" wall/trophy case back to expand the lobby
- Create this space into a separate film room attached to lobby
