“From the moment I arrived at MU, I felt welcome. I found a unique community, dedicated to the pursuit of new knowledge. For any student seeking a medical

career, it is very important to find the right university. I am happy that I chose MU as in two years I have grown not only as a person but also as a professional. Being part of this community makes me realize that I made the right decision.”

“At Methodist University, I take advantage of opportunities to explore, learn, and exchange. My first-year experience as an international student shaped my path and who I am. I gained confidence to confront obstacles. I discovered that the MU journey is not only an opportunity to learn and earn a degree, but also it is about how much one cultivates community relationships and serves others in need. I am a proud Global Monarch since my first day at MU!”

“The highlight of my first-year experience at Methodist University is the number of outstanding opportunities. I have built incredible relationships through playing

on the soccer team, as a member of the Athletic Training Program, and the Global Ambassadors student organization. I also enjoyed my on-campus employment as a resident assistant. With the skill set that MU provides each student, I am set for success in the professional world once I complete my studies.”

About Methodist University

Methodist University is a private four-year liberal arts university committed to respect for diversity and recognition of the dignity and worth of all human beings. The University is historically related to the United Methodist Church, but welcomes students from all religious backgrounds. Methodist University was first chartered by the state of North Carolina on Nov. 1, 1956, as a senior, coeducational, residential college of liberal arts and sciences. It is accredited by the Commission of Colleges of the Southern Association of Colleges and Schools to award doctor's, master's, bachelor's, and associate degrees. The University is composed of the School of Arts and Humanities, the Reeves School of Business, the School of Public Affairs, the School of Health Sciences, and the School of Science and Human Development.
