

This form is to be used only when an invoice, receipt, or other supporting documentation is not available.

Standard procedure is to submit the original receipt of invoice as backup for purchases.

The purchaser should make every effort to get a receipt or other documentation to support the expense.

If the missing receipt is for travel or entertainment purposes, please include all IRS required information (who, what, when, where, why).

This entire form must be completed when the originals are not available. Please be aware that sales or use tax must be charged on each transaction where the original receipt is not available to prove that the tax has been paid.
