The Communication Program has chosen to combine these previously distinct courses into a single course (COM 3110: Law and Ethics in Communication). However, students receiving a B.A. or B.S. in Mass Communication, under this existing degree, are still required to take both courses. As such, we are asking that students still take "CME 3110: Law and Ethics...", so that they receive training in both law and ethics, and additionally take "CME 1080: Critical Media Literacies," which will additionally focus on ethical concepts. This will ensure students fulfill their credit hour requirements for the degree.</i>
