

## DEFINITIONS OF PROHIBITED CONDUCT

### Alcohol Policy

Methodist University is committed to students' intellectual and personal development, which includes ensuring students have various and abundant opportunities to show care and responsibility for their own actions. In this case, the vitality of the academic community relies on each member taking personal responsibility for their actions regarding alcohol use and safeguarding the well-being of others. Alcohol misuse inhibits students' development and is negatively correlated with academic success and personal safety, thus maturity, care for self and community, and responsibility are essential.

Methodist University also welcomes and supports the decision of students not to drink alcohol. MU continues to emphasize education about risks, choices, and personal responsibility regarding the use of alcohol. Students are expected to make conscious choices that do not diminish the academic or social success, or personal safety, of themselves or others.
