

Expansion Procedures at Methodist University

Important Notice to Inter/national Fraternities and Sororities:

To ensure the safety and wellbeing of our students and establish guidelines for fair expansion and new member education processes, Inter/national fraternities and sororities that are seeking recognition under a Greek council may only solicit, recruit, or initiate full-time registered Methodist University students in accordance with the policies outlined below. This policy is in place to ensure that all Greek organizations represented on campus are approved and follow standards and expectations set by the University. Failure to adhere to the process below may result in a moratorium on the group's eligibility to become recognized for a time to be determined by the Greek Life Expansion Committee which will be no less than one year.

Sororities belonging to the National Panhellenic Conference will follow all rules and regulations following the expansion process set forth by NPC. Expansion information can be found by visiting <https://www.npcwomen.org/extension-info.aspx>

The Assistant Director will share this recommendation and the packet with all fraternity and sorority presidents and the Vice President for Student Affairs.

Step 3: The councils will report back to their chapters to vote whether or not they recommend the petitioning organization for expansion. At the following council meetings, there will be a vote under old business on whether to recommend expanding to this organization. In order to move forward with the expansion process, a majority vote will be needed from all councils (2/3) will be needed to proceed with on-campus presentations *this number may change as other councils form*

Step 4: After the approval from councils, The Assistant Director will work with the inter/national office to officially invite and schedule the interested fraternities /sororities to campus for an official campus presentation. The Assistant Director will send out official campus notifications of expansion presentations and work to book meeting locations. The expansion committee will be present during all presentations and the presentations will be made open to the campus community.

Step 5: The Greek Life Expansion Committee will meet to discuss the petitioning organization, taking the vote of the council petitioned as well as the presentation and expansion packet into consideration. The Assistant Director shall serve as the chair of the committee casting no vote. A majority vote shall be required from the expansion committee for an organization to move forward. At the conclusion of the meeting, the committee will make a final recommendation to the Vice President for Student Affairs to allow or deny expansion to the petitioning organization.

Hazing Policy

(Student Life Handbook (http://www.methodist.edu/student_life/handbook.htm))

As used in this policy, hazing is defined as any act committed against a student by another student, acting individually or in concert with others, or aiding or abetting such acts in connection with pledging, being initiated into, affiliating with, holding office in, or maintaining membership in any organization, team, or group affiliated with Methodist University where such acts, either intentionally or unintentionally, has the effect of physically injuring, humiliating, harassing, intimidating, demeaning, or endangering the physical or the emotional health of any student. A violation of the hazing code can occur **on or off campus**. Methodist University will treat any act of hazing involving Methodist University students either on or off campus in precisely the same manner. Under North Carolina state laws, hazing is defined more narrowly as follows: "to subject another student to physical injury as part of an intimidation, or as a prerequisite to membership, into any organized school group, including any society, athletic team, fraternity or sorority, or other similar group." N.C. Gen. Stat. 14-35. Such acts are criminal (Class 2 Misdemeanor) under this statute. In addition to disciplinary action for acts of hazing as defined more broadly by the University, a student who violates the state law definition of hazing is subject to prosecution by local or state authorities. Students who are found in violation of the Methodist University Hazing Policy will be given a minimum penalty of **probation** and may receive a maximum penalty of **expulsion** from the University. As stated above, any student who violates the North Carolina statute on hazing may also face criminal charges.

NC General Statutes - Chapter 14 Article 9 1

14-35. Hazing; definition and punishment.

It is unlawful for any student in attendance at any university, college, or school in this State to engage in hazing, or to aid or abet any other student in the commission of this offense. For the purposes of this section hazing is defined as follows: "to subject another student to physical injury as part of an initiation, or as a prerequisite to membership, into any organized school group, including any society, athletic team, fraternity or sorority, or other similar group." Any violation of this section shall constitute a Class 2 misdemeanor.

Where hazing is alleged or suspected, the Dean of Students, in conjunction with Campus Police, shall conduct a thorough investigation of the facts surrounding the incident. When the investigation produces evidence that hazing activity may be a violation of criminal law or a violation of campus disciplinary standards, the following steps are to be taken.

1. Campus Police will report the facts uncovered in the investigation to law enforcement officials of the appropriate jurisdiction for prosecution as a criminal matter.

2. Campus disciplinary procedures will be initiated, regardless of whether criminal prosecution occurs. The Dean of Students may immediately refer the matter to the campus disciplinary process, or may defer referral until the outcome of the criminal proceedings has been

reported. Sanctions which may be imposed through the campus disciplinary procedures include indefinite suspension from the University. Regardless of the sanction imposed by campus disciplinary proceedings, if conviction of a criminal offense of hazing occurs, the student will be expelled from the University, as is required by state law.

3. If the hazing appears to have occurred in connection with any club or organization, the Dean of Students Office will notify the regional and national offices of the organization in which the alleged hazing occurred and may request them to conduct an independent investigation of the incident. The Dean of Students may share any information gained through the University investigation with these offices, except that which is legally protected by the Family Educational Rights and Privacy Act of 1974. The Dean of Students will also notify the local advisor of the organization of the allegations and the progress of the investigation.

Any organization found participating in any form of hazing will be dismissed and will no longer be a recognized organization at Methodist University.
