COLLEGE SUMMER EXPERIENCE

PGA OF AMERICA 1916

GOLF MANAGEMENT

JULY 12-15, 2027

WHAT IS THE PGA OF AMERICA'S PROFESSIONAL GOLF MANAGEMENT PROGRAM?

The PGA Golf Management Program is a four-and-a-half to five-year structured educational program designed for aspiring PGA Professionals.

The college curriculum is accredited by the PGA of America and includes extensive classroom studies, internship experience, and player development, providing students the opportunity to acquire the knowledge and skills necessary for success in the golf industry. Since its inception in 1975, nearly 4,500 graduates are current PGA of America members.

PGM CURRICULUM

Students attending our PGA Golf Management Program (PGM) can graduate with a baccalaureate degree in several majors, including Marketing, Business Administration, Financial Economics, and Accounting.

In addition to classroom studies, each PGM student is required to complete approved internships totaling 16 months at golf industry locales. Students also are required to complete all requirements of the PGA of America's Professional Golf Management Program and pass the PGA Playing Ability Test (PAT). These requirements satisfy a major portion of the PGA of America's membership requirements.

SUMMER EXPERIENCE MISSION

The mission of the PGA Golf Management Program College Summer Experience is to identify a diverse group of high school juniors and seniors interested in a career in golf and introduce them to the PGA of America's Golf Management Program by offering a meaningful and rewarding educational experience on the campus of an accredited program.
